

# Hvacr Education And Training LIBRARY

making training available to the heating, ventilation, air conditioning, refrigeration and plumbing industry

- ✓ **Share digital education and training**
- ✓ **Get paid automatically when your files are accessed**

**Your education tools  
and training materials**

upload your  
files to the  
**HEAT  
Library**

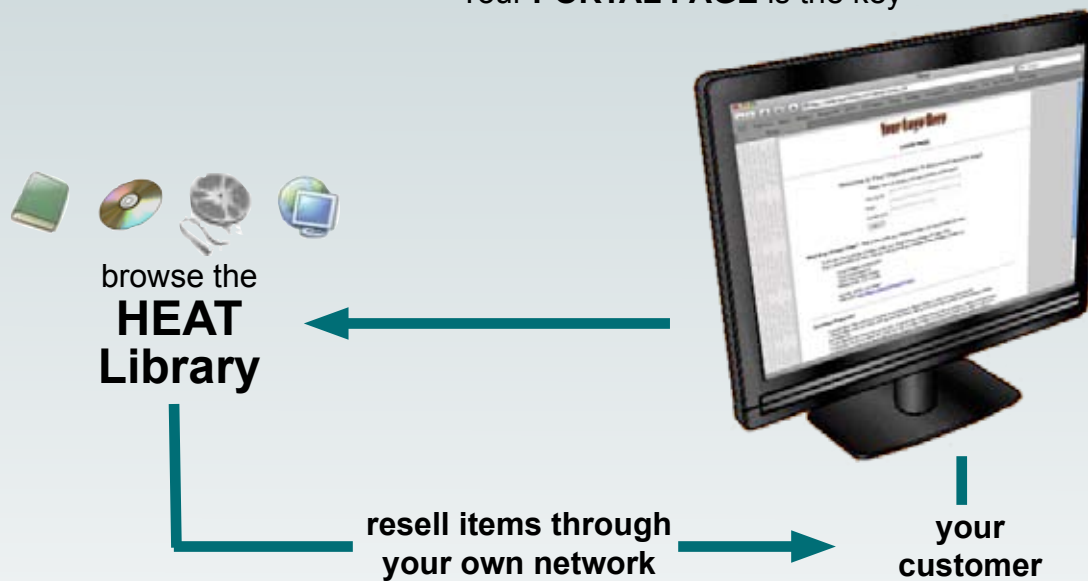

You determine who has access

- Education Institutions
- Trade Associations
- Manufacturers
- Wholesale Distributors
- Instructors
- General Trade
- Named Organization

As a HEAT Library member, you may upload as many documents as you wish and specify who has access, how much you will charge for each access, and the minimum retail price the item can be resold for.

- ✓ **Expand the education and training you offer**
- ✓ **Add items from the HEAT Library to your network at a profit**

Your **PORTAL PAGE** is the key

The **PORTAL PAGE** is your customized window through which your customer can access HEAT Library documents. You provide your customers with the item access code at retail price and a link to your Portal Page. When they access the item, you are automatically charged the wholesale price for the item.

## FEATURES:
